

65\*100mm

### Introduction

1

### Installation

1. Charge the OG Jams with the included USB-C charger for 2 hours.
2. Gently pull the magnetic mouthpiece base to remove it from the device.
3. Grind your herb to a medium consistency, and fill the chamber about 1/2 way.
4. Put the mouthpiece base back onto the device.

2

### How to use

#### Power On/Off

Press the power button 5 times quickly to turn on/off. The OG Jams will vibrate to indicate that your device is turning on/off.

#### Temperature Settings

The OG Jams comes with full range temperature settings from 302°F to 436°F(150°C to 230°C). Click the +/- buttons to choose your temperature setting.

#### Heat-up Activation

Once you have selected your desired temperature, hold the power button down for 2 seconds. The device will vibrate to indicate that it has begun to heat up. Hold the power button down for 2 seconds to stop heating. Wait for the device to reach your desired temperature, then begin to inhale. The device should vibrate to indicate that the desired temperature has been met.

#### Warm Period

The OG Jams will keep the temperate steady for three or five minutes after it reaches the preset. You can hold down the + and - button as the same time for one second to change between 3 and 5. It will vibrate when this period is over. If you want to stop the warm period to save power, hold the power button down for 2 seconds.

3

#### Sleeping Mode

The OG Jams will enter sleeping mode to save power after 30 seconds of no operation. The OLED screen will be off during the sleeping mode. Press any button once to wake up the device.

#### Auto Power-off

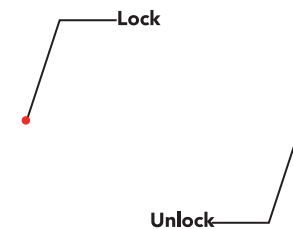

The device will power off automatically for safety purposes after 3 minutes of no operation.

#### Fahrenheit And Celsius Switch

Press the power button three times quickly to change between "F" and "C".

#### Adjustable Airflow

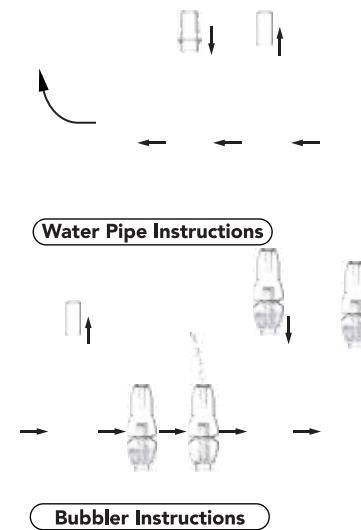

The OG Jams has isolated airpath. There is a latch on both sides of the OG Jams for you to adjust the airflow to get the best vaping experience.

4

#### Water Pipe And Bubbler Compatible

You can find a waterpipe adaptor in the package with 14mm diameter. Remove the glass moutpiece by pulling up. Insetert the bigger end of the adaptor. Attach the other end to a waterpipe. We also offer a bubbler as an option. You can order it from our website or local retailer.

5

#### Charging Instructions

Charging time is about 2 hours. The OLED screen will show "Low Power" when it is low. When the device is connected with charger, the icon will keep moving and turn solid when it is full.

#### Charging Dock

OG Jams comes with a charging dock, it can be used as a desktop stand, or when connected to power serves as the charger.

6

### Cleaning

Use the cleaning brush to sweep the remaining residue from the chamber. Detach the mouthpiece part into pieces and clean it with an alchohol swab.

### Warranty

Your purchase of The OG Jams includes a lifetime warranty on all its parts. Each OG Jams is hand tested in our US warehouse before shipping to ensure quality. Be sure to scratch and scan the QR code located on the box of this device to collect rewards and activate your warranty. This lifetime warranty applies to customers within the United States only. Please contact us directly at support @thekindpen.com if you are outside of the US.
