HOW TO USE:

PREPARING THE DEVICE:

Remove the top glass water cup.
Fill the glass water cup with water to your preferred level for percolation, but avoid overfilling.
Wait for the device to cool down completely before handling, as certain parts may become hot during use.
Insert your Ceramic Cup onto the heating Plate.
When reloading, gently remove the water cup to access the ceramic heating chamber.

After applying your product, ensure that the ceramic cup and water cup are properly installed.

After use, wipe around the Atomizer to remove any unused wax.

POWER BUTTON FUNCTION:

Quickly press the power button 5 times to power ON/OFF the device.
The white light will flash 5 times to indicate the change.
Quickly press the power button 3 times to adjust the voltage to your desired temperature setting. The light will flash 3 times.
Quickly press the power button 2 times to activate the pre-heat mode.
Press the power button once to stop the pre-heat mode.
Long press the power button to start the heating process.

PRE-HEATING:

Quickly press the power button 2 times to activate the preheat function.
Preheating will last for 20 seconds with 3.0V pre-heat voltage.
The three lights will blink slowly during preheating.
Press the power button once to stop preheating.

BATTERY AND CHARGING:

Charge the DEVICE for one hour before the first use.

Charging: Red light indicates charging.

Green light indicates a fully charged battery.

Low Battery: White light will flash five times, and the device will turn off.

After 15 continuous seconds of use, the white light will flash 8 times, and the automatic vape time cut-off will activate, turning off the heat (but not the power).
Press the button to restart.

SHORT-CIRCUIT PROTECTION:

Red light will flash three times, and the device will turn off.

CLEANING INSTRUCTIONS:

Remove the glass water cup.

Wipe the outside and inside of the bottom magnetic connector

with an alcohol pad.

Use an alcohol swab to clean any excess oil from the ceramic cup and heating core.

Clean the inside air pathway with an alcohol swab.

Do not submerge any part of the battery in LIQUID.

Make sure all parts are dry before use.

CAUTION AND WARNING:

This product is intended for users aged 21 years and above only.

Avoid using the product while it is charging.

Do not use or charge the device with wet hands or in wet conditions.

Pregnant or breastfeeding women should not use the product.

Keep the product away from children and pets.

Do not disassemble or modify the product to avoid fire or safety hazards.

Avoid exposing the product to extreme temperatures or environments.

Keep the product away from magnets and easy-to-fall places.

Turn off the battery when not in use.

Discontinue use and seek support from authorized distributors

if you encounter any issues.

This Products Are Not To Be Used With Tobacco Products
